Interpretation: Persons who are SSI-related, QDWIs, and A/Rs of the MBI-WPD Program, or COBRA continuation may keep a certain amount of resources in reserve and still receive Medicaid. These A/Rs are entitled to resources as set forth in **REFERENCE MEDICAID RESOURCE LEVELS**.

When countable resources are equal to or less than the resource level for the household such individuals are eligible for Medicaid, provided all other eligibility requirements are met.

Countable resources in excess of the appropriate resource level are considered available to meet the cost of medical care and services. An SSI-related A/R may be eligible for Medicaid when s/he incurs medical bills equal to or greater than his/her excess.

NOTE: An SSI-related A/R (including individuals who are 65 years of age or older) who also meets the ADC-related categorical requirements has a choice between ADC and SSI-related budgeting. However, if the individual is found eligible under both budget types, and is not eligible for or does not wish to participate in the MBI-WPD such individual must be given the ADC category which is not limited based on resources. A certified blind or certified disabled individual who documents or attests to resources in excess of the Medicaid resource level must have eligibility considered for FHPlus. Resources are not considered in the eligibility determination for FHPlus.
