

## INSTRUCTIONS FOR GRADES 6, 7 AND 8 SCHOOL IMMUNIZATION SURVEY WORKSHEET

---

- Use this worksheet to help you fill out the survey form. DO NOT RETURN TO US.
- Make photocopies of this worksheet before filling it out if you know you will need more.
- Only transfer “Summary Totals” from the front of the last worksheet to the survey form.
- **The immunization status of all students in grades 6, 7 and 8 must be included on this worksheet, not only new enterers.**
- **Intervals between doses of vaccine must be in accordance with the Advisory Committee for Immunization Practices (ACIP) Recommended Immunization Schedules for Persons 0 Through 18 Years of Age.**

### TO COMPLETE THIS FORM

---

- Column 1. Enter the name (last, first, middle initial) and birthday (month, day, year) for each student on a separate line.
- Column 2. Enter an “X” in the Students Without Immunization Record box for those students who do not have an immunization record or other proof of immunity on file. **Do not count students who do not have an immunization record in columns 5 through 15. Do not count students who have medical or religious exemptions in this column.**
- Column 3. Enter an “X” in the Medical Exemptions box for those students who have a medical exemption from a physician licensed to practice medicine in the State of New York.
- Column 4. Enter an “X” in the Religious Exemptions box for those students who have a written and signed statement from a parent or guardian exempting them from immunization due to religious beliefs that has been approved by the school.
- Column 5. Enter an “X” in the Diphtheria box for those students who have received 3 or more doses of diphtheria toxoid-containing vaccine. The final dose must have been received at 4 years of age or older.
- Column 6. Enter an “X” in the Polio box for those students who have received 4 doses of polio vaccine or 3 doses with the 3rd dose on or after the 4th birthday. The final dose must have been received at 4 years of age or older. Serological evidence of immunity to all 3 serotypes of polio is also acceptable proof of immunity to polio disease.
- Column 7. Enter an “X” in the Measles box for those students who have received 2 doses of measles vaccine, the first of which must have been received no more than 4 days prior to their first birthday, or who have demonstrated serological evidence of immunity to measles disease.
- Column 8. Enter an “X” in the Mumps box for those students who have received 2 doses of mumps vaccine, the first of which must have been received no more than 4 days prior to their first birthday, or who have demonstrated serological evidence of immunity to mumps disease.
- Column 9. Enter an “X” in the Rubella box for those students who have received at least 1 dose of rubella vaccine no more than 4 days prior to their first birthday, or who have demonstrated serological evidence of immunity to rubella disease.
- Column 10. Enter an “X” in the Hepatitis B box for those students who have received 3 doses of hepatitis B vaccine or 2 doses of adult Recombivax. The 2 dose series is only acceptable for students who received the 2 doses between the ages of 11 and 15 years. Serological evidence of immunity to hepatitis B disease is also acceptable proof of immunity for school attendance.
- Column 11. Enter an “X” in the Varicella (Chickenpox) box for those students who have received 2 doses of varicella vaccine, the first of which must have been received no more than 4 days prior to their first birthday, or who have been diagnosed by a physician, physician assistant, or nurse practitioner as having had varicella disease, or who have demonstrated serological evidence of immunity to varicella disease.
- Column 12. Enter an “X” in the Tdap Booster box for those students who have received a dose of Tdap. Students who are not yet 11 years of age are not required to receive a Tdap booster until they turn 11 years of age. Count students who are not yet 11 years of age and who have not received a Tdap booster in the “In Process” field.
- Column 13. Enter an “X” in the MenACWY box for those students in grade 7 who have received a dose of MenACWY vaccine. MenACWY vaccine is only required for students enrolling in grade 7.
- Column 14. Enter an “X” in the Completely Immunized box for those students who meet all requirements for columns 5 through 13. Students counted in column 2 should not be counted in column 14. The number in column 14 cannot be greater than any number in columns 5 through 13.
- Column 15. Enter an “X” in the In Process box for those children who are not completely immunized and who have received at least the first dose of each required vaccine series and have age appropriate appointments to complete the series according to the ACIP catch-up schedule.

### TABULATING THE DATA

---

- Add the number of “X’s” in each column and enter the sub-totals on each page.  
Add the sub-totals for each page and enter the summary totals on the last page.  
Transfer all totals by grade onto the Survey Summary Form
