Agenda

• Welcome
• Progress To-Date and Collaboration with Health Reform Initiatives
• Panel to Highlight the Bronx and Schenectady
• Lunch and Data Presentation
• Break out Sessions on Important Challenging Issues:
  – Health Equity
  – Implementing Evidence-Based Interventions
  – Measuring Short Term Impact
  – Strengthening Collaboration and Story Telling
• Report Outs
Prevention Agenda 2015 Progress

• 185 responses
  – 58 out of 58 Local Health Departments
  – 127 Hospital/hospital groups
  – 370 interventions reported on (2 per survey response)

• Information on:
  – Interventions
  – Status of efforts
  – Disparities being addressed
  – Successes and challenges

• Helps DOH and its partners take options to support local efforts
New York State Prevention Agenda
Priorities Selected by Counties, 2013

Priority Areas (# Selected by Counties)
- Chronic Disease (n=57)
- Mental Health and Substance Abuse (n=29)
  - Women, Infants, Children (n=16)
  - Environment (n=9)
  - HIV, STD, Vaccines & HAI (n=3)
Percentage Of Local Health Departments, Hospitals Reporting On At least One Intervention By Priority Area, December 2015

LHDs N=58  Hospitals N=127
Chronic Disease Focus Areas Among Local Health Departments, Hospitals, December 2015

LHDs N=70  Hospitals N=158

Focus Areas

- Reduce Obesity in Children and Adults
  - LHDs: 48.6%
  - Hospitals: 49.1%

- Reduce Illness, Disability and Death Related to Tobacco Use and Secondhand Smoke Exposure
  - LHDs: 15.7%
  - Hospitals: 10.7%

- Increase Access to High Quality Chronic Disease Preventive Care and Management in Clinical and Community Setting
  - LHDs: 35.7%
  - Hospitals: 40.3%
Chronic Disease Interventions Among Local Health Departments, Hospitals, December 2015

- Increase participation of adult with arthritis, asthma, cardiovascular disease, or diabetes in a course or class to learn how to manage their condition.
- Create linkages with local health care systems to connect patients to community preventative resources.
- Increase the number of passed municipal complete streets policies.

LHDs N=70  Hospitals N=158
Main Themes of “Other” Interventions:
1. School and community based physical activity/nutrition programs
2. Referral programs to chronic disease self-management courses
3. Tobacco cessation approaches
4. Interventions to enhance breastfeeding
Healthy And Safe Environment Focus Areas Among Local Health Departments, Hospitals, December 2015

Built Environment
- LHDs: 33.3%
- Hospitals: 16.7%

Injuries, Violence and Occupational Health
- LHDs: 83.3%
- Hospitals: 66.7%

LHDs N=6  Hospitals N=12
Healthy And Safe Environment Interventions Among Local Health Departments, Hospitals, December 2015

- Promote community based programs for fall prevention: 75.0% (LHDs N=6, Hospitals N=12)
- Develop multisector violence prevention programs in highrisk communities: 16.7% (LHDs N=6, Hospitals N=12)
- Other: 8.3% (LHDs N=6, Hospitals N=12)
Main Themes of “Other” Interventions:
1. Risk assessments for falls prevention
2. Inclusion of smart growth in planning and zoning activities
3. Environmental safety/building maintenance
Healthy Women, Infants And Children Focus Areas Among Local Health Departments, Hospitals, December 2015

Maternal and Infant Health
- LHDs: 83.8%
- Hospitals: 66.7%

Child Health
- LHDs: 26.7%
- Hospitals: 13.5%

Reproductive, Preconception and InterConception Health
- LHDs: 6.7%
- Hospitals: 2.7%

LHDs N=15  Hospitals N=38
Healthy Women, Infants And Children Interventions Among Local Health Departments, Hospitals
December 2015

- Promote breastfeeding: 59.4%
- Other: 24.3%
- Identify and promote educational messages to improve knowledge, attitudes, skills and/or behavior related to prenatal care and preterm birth among target populations: 13.3%
- Ask all pregnant women about tobacco use and provide augmented, pregnancy tailored counseling for those who smoke: 6.7%
- Develop effective health marketing campaigns that promote norms of wellness, healthy behavior and regular use of preventive healthcare services throughout the lifespan: 6.7%

LHDs N=15  Hospitals N=37
Main Themes of “Other” Interventions:
1. Neonatal abstinence syndrome awareness and treatment
2. Lead poisoning prevention
3. Specialized trainings on Certified Lactation Counseling
Mental Health And Substance Abuse Focus Areas Among Local Health Departments, Hospitals, December 2015

Promote Mental, Emotional and Behavioral Wellbeing in Communities
- LHDs: 13.0%
- Hospitals: 25.0%

Prevent Substance Abuse and Other Mental Emotional Behavioral Disorders
- LHDs: 47.8%
- Hospitals: 33.3%

Strengthen Infrastructure across Systems
- LHDs: 39.1%
- Hospitals: 41.7%

LHDs N=23  Hospitals N=36
Mental Health And Substance Abuse Interventions Among Local Health Departments, Hospitals, December 2015

LHDs N=23  Hospitals N=36

- **other**: 47.8% (47.8%) for LHDs and 33.3% (33.3%) for Hospitals
- Administer screening programs such as SBIRT, Symptom Checklist 90 etc.: 13.0% (13.0%) for LHDs and 16.7% (16.7%) for Hospitals
- Build community coalitions that advance the State's 'Suicide as a Never Event' through promotion and prevention activities: 8.7% (8.7%) for LHDs and 11.1% (11.1%) for Hospitals
- Engage communities in action and create supportive environments with the goal of improving social environment, which is known to impact physical and mental health: 8.7% (8.7%) for LHDs and 13.9% (13.9%) for Hospitals

Mental Health Interventions

LHDs

- Administer screening programs such as SBIRT, Symptom Checklist 90 etc.
- Build community coalitions that advance the State's 'Suicide as a Never Event' through promotion and prevention activities
- Engage communities in action and create supportive environments with the goal of improving social environment, which is known to impact physical and mental health

Hospitals

- Administer screening programs such as SBIRT, Symptom Checklist 90 etc.
- Build community coalitions that advance the State's 'Suicide as a Never Event' through promotion and prevention activities
- Engage communities in action and create supportive environments with the goal of improving social environment, which is known to impact physical and mental health
Main Themes of “Other” Interventions:
1. Public Access/Awareness of Mental Health Programs
2. Opioid Prevention
3. Suicide Awareness/Prevention

Process Measures

• In 2015 all organizations were using process measures, a significant improvement from 2014 (86%).

• Used to track progress of implementation, make improvements to implementation process, engage stakeholders and leverage additional resources.
Implementation Successes and Challenges

Successes:
• Identifying problem to be addressed
• Defining target population
• Educating community about the problem
• Reviewing and monitoring progress

Challenges:
• Educating community about the problem
• Developing data collection methods
• Engaging community leaders to address the problem
• Disseminating results

Are Any Hospital Led Prevention Agenda Interventions Part of DSRIP Activities 2015 vs. 2014?

- **Yes**: 52.8% (2015) vs. 47% (2014)
- **No**: 14.8% (2015) vs. 14.2% (2014)
- **Unsure**: 29.3% (2015) vs. 27.6% (2014)
- **No DSRIP application**: 8.9% (2015) vs. 5.5% (2014)
Progress on Outcome Objectives

Prevention Agenda Dashboard measures progress on 96 statewide outcome indicators, including reductions in health disparities.

As of April 2015:

- 16 of the objectives were met
- 22 indicators show progress (19 with significant improvement)
- 42 not met and staying the same
- 13 not met and going in wrong direction
- Of 29 objectives tracking health disparities, making progress on only 2
