

**Prevention Agenda: Translating Data into Action**  
**Thursday, March 24, 2016, 10:15 am – 3:45 pm**

**Learning Objectives**

- Identify and discuss interventions that advance health equity and reduce disparities.
- Explore how evidence-based implementation strategies are being adapted to address local challenges.
- Learn about tools for monitoring interventions and measuring health impact from Prevention Agenda website, *County Health Rankings Action Center* and other resources.
- Share ways to strengthen local partnerships and collaborations to improve community health.
