EMS Instructor Training Requirements & Certification Process

Purpose

The purpose of this policy is to define the New York State (NYS) Department of Health (DOH) Bureau of EMS Certified Laboratory Instructor (CLI) and Certified Instructor Coordinator (CIC):

- prerequisite requirements;
- examination and certification requirements;
- processing; and
- re-certification requirements.

Definitions

The following definitions are found in Chapter VI Title 10 NYCRR Part 800.3 of the New York State Official Compilation of Codes Rules and Regulations:

- (t) A Certified Laboratory Instructor means a person certified pursuant to these regulations to instruct, in psychomotor skills, candidates in courses leading to certification as certified first responder, emergency medical technician, advanced emergency medical technician and Paramedic.
- (s) A Certified Instructor Coordinator means a person certified pursuant to these regulations to serve as the lead instructor for courses leading to certification. Certified instructor coordinators must be certified, pursuant to these regulations, at or above the level at which they seek to instruct.

Instructor Certification

This process consists of successfully completing a NYS sanctioned course, the internship requirements, and successfully passing the CLI or CIC written certification exam.

Instructor candidates will have three (3) attempts to pass the written certification examination. If unsuccessful after three (3) attempts, the candidate must contact BEMS for a remediation plan. Upon completion of the remediation plan, instructor candidates will have three (3) additional attempts to pass the instructor exam. If after six (6) attempts a passing grade is not achieved, the instructor candidate will be required to complete the appropriate course again.

The written examination consists of materials which includes, but is not limited to: policy statements, Administration Manual for EMS Education Programs, Practical Skills Manual, and material from the National Association of EMS Educators 3rd Edition, Foundations of Education; An EMS Approach.

Policy

Certified Laboratory Instructor:

CLI Prerequisites for Original Certification:

The candidate must:

1. Submit a completed Application for Instructor Certification (DOH-2260).
2. Hold current certification as a NYS EMT or higher.
3. **Must have provided direct, hands-on, pre-hospital patient care with a NYS Certified EMS agency, at the EMT level or higher for at least one year within the last three years.** This will be documented by assuring that the candidate's name is listed on the agencies roster and patient care reports.
4. Have no open clinical or criminal investigations on a local, regional, or state level prior to or during the CLI course or internship period.

CLI Original Certification Requirements:

The candidate must:

1. Completion of all prerequisite requirements as stated above.
2. Attend and successfully complete all modules of the NYS CLI course.
3. Serve as a CLI intern under the supervision of a currently certified NYS CIC Instructor in a BEMS approved certification course at the EMT level or higher.
4. Instruct the minimum lab sessions, as dictated on CLI Internship Tracking Form, DOH-4451.
5. Maintain NYS EMT or higher level of certification throughout the CLI certification process.
6. Successfully pass the NYS BEMS CLI written instructor examination.

Additional Information

Basic or Advanced Level Instructor Certification

- All CLI Instructor certifications will be given at the current level of candidate certification.
- CIC instructor certifications will be granted at the BASIC EMT level. If advanced level CIC instructor certification is sought, the CIC candidate must complete seven additional lectures at the ALS level. These lectures can be completed during their initial CIC internship or at a later time.
Candidates may not instruct above the level of their current certification.

Instructor Reciprocity

- Instructor reciprocity from other states, in compliance with regulations, will be handled by the Bureau of EMS Central Office on a case-by-case basis.
To be considered for an instructor certification, applicants will need to complete the following:
 - a) Certificate of completion from the National Association of EMS Educators (NAEMSE) Instructor Level 1 course
 - b) List of courses taught with the past three (3) years.
 - c) Two (2) letters of recommendations from institution in reciprocity state where teaching.
 - d) Recommendation letter from NYS course sponsorship.
 - e) Must complete lectures of seven (7) different topics in NYS EMS course
 - f) Two (2) completed audit forms completed by a currently certified CIC, Regional Faculty member or Bureau of EMS Representative.

CIC Interning CLI/CIC candidates

- A CIC is required to be certified at least one year and have been the CIC of record for one complete original course that was not cancelled, prior to interning new CLI or CIC candidates.

CIC Signing CME Content

- A CIC must have been a CIC of record for one complete original course prior to teaching core content or approving content in the NYS CME recertification program.
