## CONFERENCE GOALS

This multi disciplinary conference highlights current issues in trauma care throughout the continuum: pre-hospital, emergency, critical care, acute care, and rehabilitation. Nationally recognized speakers and local experts in trauma care will present topics pertinent to nurses, physicians, paramedics, EMTs, social workers, program managers, and other healthcare providers.

## OBJECTIVES

1. To review and discuss the principles of adult and pediatric management in trauma management.
2. To review and discuss assessment and treatment of trauma patients.
3. To review the current advances in Multi-Casualty training, VIP events and technical skills.
