

About Managed Long-Term Care

- Managed long-term care (MLTC) helps people who are chronically ill or have disabilities and who need health and long-term care services, such as home care or adult day health care, stay in their homes and communities as long as possible.
- All MLTC plans arrange and pay for the following health and long-term care services (as long as they are medically necessary):
 - Care management
 - Home care
 - Dental services
 - Personal care
 - Non-emergency transportation to receive medically necessary services
 - Home delivered meals
 - Personal emergency response system
 - Social day care and adult day health care
 - Nursing home care and more.

For a full list of covered services, please see http://www.health.ny.gov/health_care/managed_care/mltc/coverservices.htm

- Additional covered services are different depending on the plan you choose. Some MLTC plans pay for hospital stays and doctor visits.

A Consumer's Guide to Managed Long-Term Care in New York City

Choosing a managed long-term care (MLTC) plan that meets your health needs is an important decision. This brochure will help you make that decision by providing information about the quality of care offered by the different plans and people's opinions about the care and the services the plans provide.

There are four types of MLTC plans: Partial Capitation, Program of All-inclusive Care for the Elderly (PACE), Medicaid Advantage Plus (MAP), and Fully Integrated Duals Advantage (FIDA). Each plan covers the same base set of services, with certain plans covering additional services. To be eligible for any plan, you must meet certain age, health-status, and living arrangement requirements.
