FIERCE FABULOUS & LIVING SURE

ENJOY SEX WITH ONE LESS WORRY.
PrEP CAN KEEP YOU HIV NEGATIVE.

If you are HIV negative, PrEP is a safe, daily pill that protects you from HIV. PrEP will not interfere with hormonal birth control. Condoms offer additional protection against other sexually transmitted infections and unintended pregnancy.

PLAYSURE: Talk to your health care provider or visit https://providerdirectory.aidsinstituteny.org/statewide. In NYC, visit nyc.gov/health and search for PrEP.
