Re: Labor Peace Agreement between Local 338, RWDSU/UFCW and Good Leaf  

Dear Commissioner Zucker,  

Local 338, RWDSU/UFCW ("Local 338") is a labor organization, as defined in 29 U.S.C. § 402(i) and 29 U.S.C. § 152(5), representing close to 20,000 employees in New York State and its environs.  

The enclosed document entitled, Neutrality Agreement, is intended in part to satisfy and comply with the requirement, under the New York Public Health Law, that an applicant (Good Leaf) seeking a license to conduct business relating to the use of medical marijuana in New York State submit proof that it has entered into a labor peace agreement with a bona-fide labor organization that is actively engaged in representing or attempting to represent the applicant's employees. See Public Health Law §§ 3360(14), 3365(1)(III), 3365(3)(VII), 3365(6)(IV), and 3365(7).  

The Neutrality Agreement contains explicit language which protects the State's proprietary interests by prohibiting Local 338 from engaging in picketing, work stoppages, boycotts, and any other economic interference with the business of an entity licensed to engage in the business relating to the use of medical marijuana in New York State.  

Should any changes in the Neutrality Agreement be necessary for an applicant to comply with the Public Health Law, please feel free to communicate with us directly.  

Thank you for your consideration.  

Sincerely,  

Joseph Fontano  
Secretary-Treasurer

Subject: Policy Statement Regarding Medical Marijuana Distribution and Regulation on Seneca Territory

Contacts: Ross John

Jessica Pelletier
Biorelief, LLC.

On October 28, 2014 the U.S. Department of Justice Issued a memorandum entitled “Policy Statement Regarding Marijuana Use in Indian County.” This memo has stated that the Department of Justice will not focus its resources on prosecuting the growing and selling of marijuana on tribal lands, even when state law prohibits it. For your convenience, we have attached a copy of this memo.

This memo gives Native American Tribes the unique jurisdiction over how medical marijuana businesses are opened, operated, and regulated within their individual territories. Ross John Sr. and other interest holding parties have agreed to move forward with the development and construction of a dispensary and production facility on Seneca Tribal land.

We respectfully submit this application as proof that the Seneca Nation has aligned its policies, procedures, and regulations regarding the manufacturing and distribution of medical marijuana with the New York State Department of Health. We anticipate that by aligning ourselves with the interests and regulations of the DOH, the Seneca Nation will be granted the opportunity to distribute taxable medical marijuana containing products to State of New York Medical Marijuana cardholders.

As we proceed with the processes of development and construction, the Seneca Nation Tribal Council will work in conjunction to develop robust regulations regarding medical marijuana operations, sale, and use within Seneca Nation Territory.
Respectfully Submitted,
MEMORANDUM - Sent via Electronic Mail

With a number of states legalizing marijuana for use and production, some tribes have requested guidance on the enforcement of the Controlled Substance Act (CSA) on tribal lands by
the United States Attorneys' offices. With these requests in mind, the Attorney General's Native American Issues Subcommittee has reviewed the Memorandum from the Deputy Attorney General, dated August 29, 2013, regarding marijuana enforcement ("Cole Memorandum") and considered its impact on Indian Country.

The Cole Memorandum provides guidance to United States Attorneys on the proper prioritization of marijuana enforcement in their districts given the number of states that have moved to legalize marijuana for medicinal, agricultural, or recreational use. Specifically, the Cole Memorandum lists eight federal law enforcement priorities where the Department will focus its limited investigative and prosecutorial resources in all states. These eight priorities are as follows:

- Preventing the distribution of marijuana to minors;
- Preventing revenue from the sale of marijuana from going to criminal enterprises, gangs, and cartels;
- Preventing the diversion of marijuana from states where it is legal under state law in some form to other states;
- Preventing state-authorized marijuana activity from being used as cover or pretext for the trafficking of other illegal drugs or illegal activity;
- Preventing violence and the use of firearms in the cultivation and distribution of marijuana;
- Preventing drugged driving and the exacerbation of other adverse public health consequences associated with marijuana use;
- Preventing the growing of marijuana on public lands and the attendant public safety and environmental dangers posed by marijuana production on public lands; and
- Preventing marijuana possession or use on federal property.

The Cole memorandum contains the additional directive that "nothing herein precludes investigation or prosecution, even in the absence of any one of the factors . . ., in particular circumstances where the investigation and prosecution otherwise serve an important federal interest."

Indian Country includes numerous reservations and tribal lands with diverse sovereign governments, many of which traverse state borders and federal districts. Given this, the United States Attorneys recognize that effective federal law enforcement in Indian Country, including marijuana enforcement, requires consultation with our tribal partners in the districts and flexibility to confront the particular, yet sometimes divergent, public safety issues that can exist on any single reservation.

Nothing in the Cole Memorandum alters the authority or jurisdiction of the United States to enforce federal law in Indian Country. Each United States Attorney must assess all of the threats present in his or her district, including those in Indian Country, and focus enforcement efforts based on that district-specific assessment. The eight priorities in the Cole Memorandum will guide United States Attorneys' marijuana enforcement efforts in Indian Country, including in the event that sovereign Indian Nations seek to legalize the cultivation or use of marijuana in Indian Country. Consistent with the Attorney General's 2010 Indian Country Initiative, in
evaluating marijuana enforcement activities in Indian Country, each United States Attorney should consult with the affected tribes on a government-to-government basis. When in the judgment of a United States Attorney, significant issues or enforcement decisions arise that may implicate this policy statement, each United States Attorney should keep the Executive Office for United States Attorneys, the Office of Tribal Justice, and the Office of the Deputy Attorney General informed of those matters, in advance of any determination on how to proceed, in order to keep the Department’s leadership apprised of significant issues and to maintain consistency throughout the Department.

LABOR PEACE / NEUTRALITY AGREEMENT
BY AND BETWEEN
GOOD LEAF
AND
LOCAL 338, RWDSU/UFCW

By this Agreement dated June 2, 2015, Good Leaf (the “Employer”) and Local 338, RWDSU/UFCW, 1505 Kellum Place, Mineola, New York (the “Union”) hereby establish the following procedure to address the Union’s efforts to organize employees in any existing or new facility owned or operated by the Employer in which the employees are not represented by a labor organization:

1. The term, "employees," used herein shall include all full time and part-time employees, including, but not limited to, pharmacists, pharmacy technicians, dispensaries, consultants, drivers, growers, retail, manufacturers, trimmers, and anyone else performing work for or on behalf of the Employer, and shall exclude only who are statutorily excluded by the National Labor Relations Act ("NLRA").

2. Within ten (10) days after receiving written notice of the Union’s intent, the Employer agrees to furnish the Union with a complete list of employees in the shop designated in the notice, including job classifications, departments, street addresses, telephone numbers and e-mail addresses. The Employer agrees to thereafter provide updated lists as reasonably requested. The Employer waives the right under the NLRA to file any petition with the National Labor Relations Board for any election in connection with the invocation of this Agreement and agrees to refrain from directly or indirectly supporting any such petition.

3. The Employer agrees to take a neutral approach to unionization of employees. Neutrality means that the Employer will neither help nor hinder the Union's organizing effort by, for example, directly or indirectly demeaning by word or deed the Union or its representatives, or directly or indirectly supporting or assisting in any way any person or group who may oppose the Union. The Employer agrees not to communicate to any employee that it disfavors the Union or the signing of authorization cards, or that they may suffer adverse consequences for supporting the Union or signing cards. The Employer also agrees that it, and its managers, supervisors and other representatives will refer to the Union by name and not as “third party,” “outsider” or in similar manner. The parties will conduct themselves with mutual respect for each other during any organizing effort.

4. During organizing efforts, the Employer’s managers, supervisors and other representatives will remain neutral and will refrain from communicating with employees about how they should respond to the Union. The Employer agrees to inform all of its managers, supervisors and representatives of this obligation and that the Employer has no objection to employees supporting the Union or engaging in union activities, including meeting with Union representatives or signing authorization cards. The Employer will promptly terminate any violation of this provision and immediately act to discourage any additional violation, including disciplining any manager or supervisor or terminating its relationship with any independent contractor representative - who violates it. The Employer agrees to take prompt action to
mitigate the effects of any violation, including informing employees of the Employer’s position on organizing and the rights of employees to organize.

5. The Employer agrees to permit Union representatives access to the workplace to communicate with employees, including through the distribution of materials. Union representatives will not disrupt the Employer’s operations or unreasonably interfere with employee production.

6. The facility’s highest level manager will meet with and tell employees that the Employer has no objection to employees meeting with Union representatives, supporting the Union or signing authorization cards. That manager will also tell employees that the Employer is neutral in their selection of union representation.

7. If the Union provides evidence in support of its claim that a majority of employees have designated the Union as their collective bargaining representative, the Employer will recognize the Union as such representative of the employees in the bargaining unit described in the Union’s notice invoking this provision and will extend this Agreement to them.

8. If both the Union and the Employer mutually agree that additional Agreement provisions are necessary for the new unit or if the National Labor Relations Board or a court determines that the parties may not lawfully extend this Agreement to the unit, the parties agree to bargain in good faith over a collective bargaining agreement to cover the employees. The parties agree to commence bargaining within 20 business days from the date the neutral verifies the Union’s majority. If they are unable to agree to a collective bargaining agreement, the parties agree to submit all open provisions and issues to final and binding interest arbitration. If they are unable to select an arbitrator, the parties shall select an arbitrator to set the open provisions and resolve any other issues in accordance with the procedures of this Agreement’s arbitration provision.

9. The parties agree to resolve any dispute over the interpretation of this provision through expedited arbitration. The parties will invoke expedited arbitration by requesting an arbitrators list from the American Arbitration Association. Within 10 days of receiving AAA’s arbitrators’ list, the parties will submit their struck lists to the AAA. The parties agree that AAA will follow its labor arbitration rules to select an arbitrator based on the list or lists the parties submit. The AAA will strictly apply its rule requiring struck lists to be timely submitted in accordance with this provision. The arbitrator will hear the dispute on either the first or second date the arbitrator is available and issue an award within 20 days thereafter. The parties will equally share the arbitrator’s fees and costs.

10. The parties agree that the arbitrator has the authority to direct the breaching party to specifically perform its obligations under this provision. The arbitrator may award a penalty of up to $10,000 for willful breaches. A willful breach is one that clearly violated this provision and was not corrected after the aggrieved party provided notice of it to the violating party. The parties consent to the entry of the arbitrator’s award as the order of judgment of a United States District Court, without notice.
11. The Union and the Employer recognize that this Agreement is in their mutual best interests and therefore agree to prevent evasion of the terms of this Agreement through the use of contractors and/or subcontractors. To comply with the spirit of this Agreement, the Employer shall, as a condition of its relationship with any contractor and/or subcontractor require that: (a) the contractor and/or subcontractor enter into a neutrality agreement with the Union; and (b) immediately notify the Union when seeking to form a business relationship with the contractor and/or subcontractor.

12. Labor Peace Agreement: In the event that the Union attempts to organize the Employer’s employees or actually represents the Employer’s employees at any particular location, then the Union hereby promises that it will not at any time covered by this agreement engage in any picketing, work stoppages, boycotts or any other economic interference with the Employer’s business at that location, provided the employer has not violated any of the terms of this agreement.

IN WITNESS WHEREOF, the parties have caused this Agreement to be executed this 2nd day of June 2015, by their duly authorized representatives.

ATTACHMENT I.
COMPLIANCE

Good Leaf and all associated consultants and stakeholders involved within the development and construction of a medical marijuana dispensary and cultivation facility on Seneca Nation Territory are both willing and able to comply with all applicable New York State Laws and Regulations relating to the activities of cultivation, dispensing, and sale of medical marijuana, pursuant to 10 NYCRR § 1004.5(b)(8).

Although the Seneca Nation is operating under the Federal Memorandum entitled “Policy Statement Regarding Marijuana Issues in Indian Country,” dated October 28, 2014, our Nation and Good Leaf wish to comply with all regulations set forth by the DOH. Our hopes as a Nation are to construct and operate medical marijuana facilities that are fully regulation-compliant with the New York State Department of Health. Ideally, our Nation and Good Leaf respectfully would like to be able to grow, sell, and tax medical marijuana on our territory that is able to be for sale and purchase by State of New York Medical Marijuana Cardholders.

In order to operate under this memorandum, the Seneca Nation must comprise comprehensive regulations regarding the manufacturing, sale, and use of marijuana on Native American territory.

As we proceed with the processes of development and construction, the Seneca Nation Tribal Council, along with Good Leaf will work in conjunction to develop robust regulations that are aligned with DOH interests.
