Re: SPA #20-0019
Inpatient Hospital Services

Dear Mr. Cooley:

The State requests approval of the enclosed amendment #20-0019 to the Title XIX (Medicaid) State Plan for inpatient hospital services to be effective January 1, 2020 (Appendix I). This amendment is being submitted based upon enacted legislation. A summary of the proposed amendment is contained in Appendix II.

This amendment is submitted pursuant to §1902(a) of the Social Security Act (42 USC 1396a(a)) and Title 42 of the Code of Federal Regulations (CFR), Part 447, Subpart C.

Notice of the changes in the methods and standards for setting payment rates for general hospital inpatient services were given in the New York State Register on December 31, 2019.

A copy of pertinent sections of enacted legislation is enclosed for your information (Appendix III). In addition, responses to the five standard funding questions are also enclosed (Appendix V).

If you have any questions regarding this State Plan Amendment submission, please do not hesitate to contact Regina Deyette, Medicaid State Plan Coordinator, Division of Finance and Rate Setting, Office of Health Insurance Programs at (518) 473-3658.

Sincerely,

Donna Frescatore
Medicaid Director
Office of Health Insurance Programs

5. **Compensation Increases for Eligible Rate Based Programs.**

   a. **January 1, 2020 Increase.** Rates will be revised to incorporate a two percent increase to total salaries for direct care and direct support professional employees. The compensation increase will be included in the provider’s rate issued for January 1, 2020, or in a subsequent rate with the inclusion of funding in the amount necessary to achieve the same funding impact as if the rate had been issued on January 1, 2020. The compensation increase funding will include associated fringe benefits.

   b. **April 1, 2020 Increase.** In addition to the compensation funding effective January 1, 2020, providers will receive a two percent increase to total salaries increase for direct care, direct support and clinical professionals. The compensation increase funding will include associated fringe benefits. The April 1, 2020 direct care and direct support professional compensation funding will be the same, on an annualized basis, as that which was calculated for the January 1, 2020 compensation increase.
SUMMARY
SPA #20-0019

This State Plan Amendment proposes to revise rates, effective January 1, 2020, for Private Psychiatric Hospitals (PPH) to include a two percent increase in annual salary and salary-related fringe benefits for direct care staff and direct support professionals. In addition, effective April 1, 2020, PPH rates will be revised to include an additional two percent increase in annual salary and salary-related fringe benefits for direct care staff, direct support professionals and clinical staff.
Appendix III
2020 Title XIX State Plan
First Quarter Amendment
Authorizing Provisions
fraud, identifies medical assistance overpayments made by a managed care
provider or managed long term care plan to its subcontractor or subcon-
tractors or provider or providers, the state shall have the right to
recover the overpayment from the subcontractor or subcontractors,
provider or providers, or the managed care provider or managed long term
care plan; provided, however, in no event shall the state duplicate the
recovery of an overpayment from a provider or subcontractor.

(b) Where the state is unsuccessful in recovering an overpayment from
the subcontractor or subcontractors or provider or providers, the Medi-
caid inspector general may require the managed care provider or managed
long term care plan to recover the medical assistance overpayment iden-
tified in paragraph (a) of this subdivision on behalf of the state. The
managed care provider or managed long term care plan shall remit to the
state the full amount of the identified overpayment no later than six
months after receiving notice of the overpayment from the state.

§ 7. This act shall take effect immediately and shall be deemed to
have been in full force and effect on and after April 1, 2019; provided,
however, that the amendments to section 364-j of the social services law
made by sections one, two, three, and six of this act shall not affect
the repeal of such section and shall be deemed repealed therewith;
provided further, that section three of this act shall apply to a
contract or contracts in effect as of January 1, 2015 or thereafter and
any review period in section three of this act shall not begin before
January 1, 2018.

PART W

Section 1. Section 1 of part D of chapter 111 of the laws of 2010
relating to the recovery of exempt income by the office of mental health
for community residences and family-based treatment programs, as amended
by section 1 of part H of chapter 59 of the laws of 2016, is amended to
read as follows:

The office of mental health is authorized to recover fund-
ing from community residences and family-based treatment providers
licensed by the office of mental health, consistent with contractual
obligations of such providers, and notwithstanding any other inconsist-
ent provision of law to the contrary, in an amount equal to 50 percent
of the income received by such providers which exceeds the fixed amount
of annual Medicaid revenue limitations, as established by the commis-
sioner of mental health. Recovery of such excess income shall be for the
following fiscal periods: for programs in counties located outside of
the city of New York, the applicable fiscal periods shall be January 1,
2003 through December 31, 2009 and January 1, 2011 through December 31,
[2019] 2022; and for programs located within the city of New York, the
applicable fiscal periods shall be July 1, 2003 through June 30, 2010

§ 2. This act shall take effect immediately.

PART X

Intentionally Omitted
follows:
3-b. Notwithstanding any inconsistent provision of law, beginning April 1, 2009 and ending March 31, 2016 and beginning April 1, 2017 and ending March 31, [2019] 2020, the commissioners shall not include a COLA for the purpose of establishing rates of payments, contracts or any other form of reimbursement, provided that the commissioners of the office for people with developmental disabilities, the office of mental health, and the office of alcoholism and substance abuse services shall not include a COLA beginning April 1, 2017 and ending March 31, [2019] 2021.

3-c. Notwithstanding any inconsistent provision of law, beginning April 1, [2019] 2020 and ending March 31, [2022] 2023, the commissioners shall develop the COLA under this section using the actual U.S. consumer price index for all urban consumers (CPI-U) published by the United States department of labor, bureau of labor statistics for the twelve month period ending in July of the budget year prior to such state fiscal year, for the purpose of establishing rates of payments, contracts or any other form of reimbursement.

§ 2. Section 1 of part C of chapter 57 of the laws of 2006, relating to establishing a cost of living adjustment for designated human services programs, is amended by adding a new subdivision 3-f to read as follows:
3-f. (i) Notwithstanding the provisions of subdivision 3-b of this section or any other inconsistent provision of law, and subject to the availability of the appropriation therefor, for the programs listed in paragraphs (i), (ii), and (iii) of subdivision 4 of this section, the commissioners shall provide funding to support (1) an overall average two percent (2.00%) increase to total salaries for direct care staff, direct support professionals for each eligible state-funded program beginning January 1, 2020; and (2) an overall average two percent (2.00%) increase to total salaries for direct care staff and direct support professionals, and clinical staff for each eligible state-funded program beginning April 1, 2020. For the purpose of this funding increase, direct support professionals are individuals employed in consolidated fiscal reporting position title codes ranging from 100 to 199; direct care staff are individuals employed in consolidated fiscal reporting position title codes ranging from 200 to 299; and clinical staff are individuals employed in consolidated fiscal reporting position title codes ranging from 300 to 399.

(ii) The funding made available pursuant to paragraph (i) of this subdivision shall be used: (1) to help alleviate the recruitment and retention challenges of direct care staff, direct support professionals and clinical staff employed in eligible programs; and (2) to continue and to expand efforts to support the professionalism of the direct care workforce. Each local government unit or direct contract provider receiving such funding shall have flexibility in allocating such funding to support salary increases to particular job titles to best address the needs of its direct care staff, direct support professionals and clinical staff. Each local government unit or direct contract provider receiving such funding shall also submit a written certification, in such form and at such time as each commissioner shall prescribe, attesting to how such funding will be or was used for purposes eligible under this section. Further, providers shall submit a resolution from their governing body to the appropriate commissioner, attesting that the funds received will be used solely to support salary and salary-related fringe benefit increases for direct care staff, direct support professiona-
signals and clinical staff, pursuant to paragraph (i) of this subdivision. Salary increases that take effect on and after April 1, 2019 may be used to demonstrate compliance with the January 1, 2020 funding increase authorized by this section, except for salary increases necessary to comply with state minimum wage requirements. Such commissioners shall be authorized to recoup any funds as appropriated herein determined to have been used in a manner inconsistent with such standards or inconsistent with the provisions of this subdivision, and such commissioners shall be authorized to employ any legal mechanism to recoup such funds, including an offset of other funds that are owed to such local governmental unit or provider.

(iii) Where appropriate transfers to the department of health shall be made as reimbursement for the state share of medical assistance.

§ 3. This act shall take effect immediately and shall be deemed to have been in full force and effect on and after April 1, 2019; provided, however, that the amendments to section 1 of part C of chapter 57 of the laws of 2006 made by sections one and two of this act shall not affect the repeal of such section and shall be deemed repealed therewith.

PART Z

Section 1. Subdivision 1 of section 2801 of the public health law, as amended by section 1 of subpart B of part S of chapter 57 of the laws of 2018, is amended to read as follows:

1. "Hospital" means a facility or institution engaged principally in providing services by or under the supervision of a physician or, in the case of a dental clinic or dental dispensary, of a dentist, or, in the case of a midwifery birth center, of a midwife, for the prevention, diagnosis or treatment of human disease, pain, injury, deformity or physical condition, including, but not limited to, a general hospital, public health center, diagnostic center, treatment center, dental clinic, dental dispensary, rehabilitation center other than a facility used solely for vocational rehabilitation, nursing home, tuberculosis hospital, chronic disease hospital, maternity hospital, midwifery birth center, lying-in-asylum, out-patient department, out-patient lodge, dispensary and a laboratory or central service facility serving one or more such institutions, but the term hospital shall not include an institution, sanitarium or other facility engaged principally in providing services for the prevention, diagnosis or treatment of mental disability and which is subject to the powers of visitation, examination, inspection and investigation of the department of mental hygiene except for those distinct parts of such a facility which provide hospital service. The provisions of this article shall not apply to a facility or institution engaged principally in providing services by or under the supervision of the bona fide members and adherents of a recognized religious organization whose teachings include reliance on spiritual means through prayer alone for healing in the practice of the religion of such organization and where services are provided in accordance with those teachings. No provision of this article or any other provision of law shall be construed to: (a) limit the volume of mental health [or], substance use disorder services or developmental disability services that can be provided by a provider of primary care services licensed under this article and authorized to provide integrated services in accordance with regulations issued by the commissioner in consultation

PUBLIC NOTICE
Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health
hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX
(Medicaid) State Plan for institutional, non-institutional and long term
care services to comply with proposed statutory provisions. The following
changes are proposed:

All Services
Effective for dates of service on or after January 1, 2020, through
March 31, 2020, and each State Fiscal Year thereafter, all non-exempt
Department of Health state funds Medicaid payments will be
uniformly reduced by 1.0%. Medicaid payments that will be exempted
from the uniform reduction include:

Payments based on federal law prohibitions include, but are not
limited to, the following:

• Federally Qualified Health Center services;
• Indian Health Services and services provided to Native Americans;
• Supplemental Medical Insurance – Part A and Part B;
• State Contribution for Prescription Drug Benefit (aka Medicare
Part D payments);
• Any local share cap payment required by the Federal Medical
Assistance Percentage (FMAP) increase legislation;
• Required payments related to the School Supportive Health Services
Program and Preschool Supportive Health Services Program;
• Services provided to American citizen repatriates;
• Payments pursuant to the mental hygiene law;
• Court orders and judgments; and
• Hospice Services.

Payments funded exclusively with federal and/or local funds
include, but are not limited to the following:

• Upper payment limit payments to non-state owned or operated
governmental providers certified under Article 28 of the NYS Public
Health Law;
• Certified public expenditure payments to the NYC Health and
Hospital Corporation;
• Certain disproportionate share payments to non-state operated or
owned governmental hospitals;
• Certain managed care payments pursuant to section 3-d of Part B
of the Chapter 58 of the Laws of 2010; and
• Services provided to inmates of local correctional facilities.

Payments where applying the reduction would result in a lower
FMAP as determined by the Commissioner of Health and the Director
of the Budget will also be exempt.

The estimated annual net aggregate decrease in gross Medicaid
expenditures attributable to this initiative contained in the budget for
State Fiscal Year 2019-20 is ($124,000,000) and ($496,000,000) for
each State Fiscal Year thereafter.

PUBLIC NOTICE
Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health
hereby gives public notice of the following:
The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for all qualifying Mental Hygiene services to comply with enacted statutory provisions. The following changes are proposed:

**Long Term Care**

Effective on or after January 1, 2020, the State will change the methods and standards for determining payment rates for all qualifying Mental Hygiene Services to provide funding to support a two percent increase in annual salary and salary-related fringe benefits to direct care staff and direct support professionals.

Effective on or after April 1, 2020, a new two percent increase in annual salary and salary-related fringe benefits will be applied to direct care staff, direct support professionals and clinical staff for all qualifying Mental Hygiene Services. For the purposes of the January 1 and April 1, 2020, funding increases, direct care professionals are individuals employed in consolidated fiscal reporting position title codes ranging from 100 to 199; direct support professionals are individuals employed in consolidated fiscal reporting position title codes ranging from 200 to 299; and clinical staff are individuals employed in consolidated fiscal reporting position title codes ranging from 300 to 399.

The estimated annual net aggregate increase in gross Medicaid expenditure attributable to this initiative enacted into law as part of the budget for SPY 2019/2020 is $140 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department’s website at http://www.health.ny.gov/regulations/state_plans/status. Responses to Standard Funding Questions
HOSPITAL SERVICES
State Plan Amendment #20-0019

CMS Standard Funding Questions (NIRT Standard Funding Questions)

The following questions are being asked and should be answered in relation to all payments made to all providers under Attachment 4.19-A of the state plan.

1. Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by States for services under the approved State plan. Do providers receive and retain the total Medicaid expenditures claimed by the State (includes normal per diem, supplemental, enhanced payments, other) or is any portion of the payments returned to the State, local governmental entity, or any other intermediary organization? If providers are required to return any portion of payments, please provide a full description of the repayment process. Include in your response a full description of the methodology for the return of any of the amount or percentage of payments that are returned and the disposition and use of the funds once they are returned to the State (i.e., general fund, medical services account, etc.)

Response: The entire balance of payments made to the Private Psychiatric Hospitals (PPHs) is paid directly to the PPHs and retained by them to support their cost of operations.

2. Section 1902(a)(2) provides that the lack of adequate funds from local sources will not result in lowering the amount, duration, scope, or quality of care and services available under the plan. Please describe how the state share of each type of Medicaid payment (normal per diem, supplemental, enhanced, other) is funded. Please describe whether the state share is from appropriations from the legislature to the Medicaid agency, through intergovernmental transfer agreements (IGTs), certified public expenditures (CPEs), provider taxes, or any other mechanism used by the state to provide state share. Note that, if the appropriation is not to the Medicaid agency, the source of the state share would necessarily be derived through either an IGT or CPE. In this case, please identify the agency to which the funds are appropriated. Please provide an estimate of total expenditure and State share amounts for each type of Medicaid payment. If any of the non-federal share is being provided using IGTs or CPEs, please fully describe the matching arrangement including when the state agency receives the transferred amounts from the local government entity transferring the funds. If CPEs are used, please describe the methodology used by the state to verify that the total expenditures being certified are eligible for Federal matching funds in accordance with 42 CFR 433.51(b). For any payment funded by CPEs or IGTs, please provide the following:
(i) a complete list of the names of entities transferring or certifying funds;
(ii) the operational nature of the entity (state, county, city, other);
(iii) the total amounts transferred or certified by each entity;
(iv) clarify whether the certifying or transferring entity has general taxing authority; and,
(v) whether the certifying or transferring entity received appropriations (identify level of appropriations).

**Response:** Payments made to service providers under the provisions of this SPA are funded through a general appropriation received by the State agency that oversees medical assistance (Medicaid), which is the Department of Health.

The source of the appropriation is the Medicaid General Fund Local Assistance Account, which is part of the Global Cap. The Global Cap is funded by General Fund and HCRA resources.

There have been no new or modified provider taxes.

3. **Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan. If supplemental or enhanced payments are made, please provide the total amount for each type of supplemental or enhanced payment made to each provider type.**

**Response:** The payments authorized for this provision are not supplemental or enhanced payments.

4. **Please provide a detailed description of the methodology used by the state to estimate the upper payment limit (UPL) for each class of providers (State owned or operated, non-state government owned or operated, and privately owned or operated). Please provide a current (i.e. applicable to the current rate year) UPL demonstration. Under regulations at 42 CFR 447.272, States are prohibited from setting payment rates for Medicaid inpatient services that exceed a reasonable estimate of the amount that would be paid under Medicare payment principals.**

**Response:** The state and CMS are working toward the completion and approval of the 2020 Inpatient UPL.

5. **Does any governmental provider receive payments that in the aggregate (normal per diem, supplemental, enhanced, other) exceed their reasonable costs of providing services? If payments exceed the cost of services, do you recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report?**
Response: All providers included in this proposed SPA are either for profit or not-for-profit corporations. This SPA language is not applicable for government providers.

ACA Assurances:

1. Maintenance of Effort (MOE). Under section 1902(gg) of the Social Security Act (the Act), as amended by the Affordable Care Act, as a condition of receiving any Federal payments under the Medicaid program during the MOE period indicated below, the State shall not have in effect any eligibility standards, methodologies, or procedures in its Medicaid program which are more restrictive than such eligibility provisions as in effect in its Medicaid program on March 10, 2010.

MOE Period.
- Begins on: March 10, 2010, and
- Ends on: The date the Secretary of the Federal Department of Health and Human Services determines an Exchange established by a State under the provisions of section 1311 of the Affordable Care Act is fully operational.

Response: This SPA complies with the conditions of the MOE provision of section 1902(gg) of the Act for continued funding under the Medicaid program.

2. Section 1905(y) and (z) of the Act provides for increased FMAPs for expenditures made on or after January 1, 2014 for individuals determined eligible under section 1902(a)(10)(A)(i)(VIII) of the Act. Under section 1905(cc) of the Act, the increased FMAP under sections 1905(y) and (z) would not be available for States that require local political subdivisions to contribute amounts toward the non-Federal share of the State’s expenditures at a greater percentage than would have been required on December 31, 2009.

Prior to January 1, 2014 States may potentially require contributions by local political subdivisions toward the non-Federal share of the States’ expenditures at percentages greater than were required on December 31, 2009. However, because of the provisions of section 1905(cc) of the Act, it is important to determine and document/flag any SPAs/State plans which have such greater percentages prior to the January 1, 2014 date in order to anticipate potential violations and/or appropriate corrective actions by the States and the Federal government.

Response: This SPA would [ ] / would not [✓] violate these provisions, if they remained in effect on or after January 1, 2014.

3. Please indicate whether the State is currently in conformance with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.
Response: The State does comply with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Tribal Assurance:

Section 1902(a)(73) of the Social Security Act the Act requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular ongoing basis from designees of Indian health programs whether operated by the Indian Health Service HIS Tribes or Tribal organizations under the Indian Self Determination and Education Assistance Act ISDEAA or Urban Indian Organizations under the Indian Health Care Improvement Act.

IHCIA Section 2107(e)(I) of the Act was also amended to apply these requirements to the Children's Health Insurance Program CHIP. Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.
