Re: SPA #23-0096
Inpatient Hospital Services

Dear Mr. McMillion:

The State requests approval of the enclosed amendment #23-0096 to the Title XIX (Medicaid) State Plan for inpatient hospital services to be effective October 1, 2023 (Appendix I). This amendment is being submitted based upon enacted legislation. A summary of the proposed amendment is contained in Appendix II.

This amendment is submitted pursuant to §1902(a) of the Social Security Act (42 USC 1396a(a)) and Title 42 of the Code of Federal Regulations (CFR), Part 447, Subpart C.

Notice of the changes in the methods and standards for setting payment rates for general hospital inpatient services was given in the New York State Register on September 27, 2023. A copy of pertinent sections of enacted legislation is enclosed for your information (Appendix III). In addition, responses to the five standard funding questions are also enclosed (Appendix V).

If you have any questions regarding this State Plan Amendment submission, please do not hesitate to contact Regina Deyette, Medicaid State Plan Coordinator, Division of Finance and Rate Setting, Office of Health Insurance Programs at (518) 473-3658.

Sincerely,

Amir Bassiri
Medicaid Director
Office of Health Insurance Programs

1905(a)(1) Inpatient Hospital Services

1. Rates for specialty hospitals for services delivered ~~on and after~~ July 1, 2011, through September 30, 2023, will be determined in accordance with the following described methodology.

(a) **"Specialty hospital"** as used in this Part of this Attachment is the program and site for which OPWDD has issued an operating certificate to operate as a specialty hospital for persons with developmental disabilities. **"Provider"** as used in this Part of this Attachment is the corporation or other organization operating a specialty hospital.

(b) **Unit of service** - The unit of service will be a day.

(c) **Rates** will be as follows:

Rate period	Rate
07/01/2011-12/31/2014	\$895.16
01/01/2015-03/31/2015	\$898.93
04/01/2015-12/31/17	\$910.94
01/01/2018-03/31/2018	\$919.09
On and After 04/01/2018	\$939.32

The rates for the period 7/1/2021 through 3/31/2022 will be increased by up to 1.33% for a cost-of-living adjustment, if, upon review of the provider's CFR for the period it is determined the Medicaid revenues the provider would have otherwise received for the period were less than the Medicaid cost the provider incurred over the same period.

The rates for the period 4/1/2022 through 3/31/2023 will be increased by up to 5.4% for a cost-of-living adjustment, if, upon review of the provider's CFR for the period it is determined the Medicaid revenues the provider would have otherwise received for the period were less than the Medicaid cost the provider incurred over the same period.

The rates for the period 4/1/2023 through 3/31/2024 will be increased by up to 4% for a cost-of-living adjustment, if, upon review of the provider's CFR for the period it is determined the Medicaid revenues the provider would have otherwise received for the period were less than the Medicaid cost the provider incurred over the same period.

Mental Hygiene (MHY) CHAPTER 27, TITLE E, ARTICLE 43

§ 43.02 Rates or methods of payment for services at facilities subject to licensure or certification by the office of mental health, the office for people with developmental disabilities or the office of alcoholism and substance abuse services.

(a) Notwithstanding any inconsistent provision of law, payment made by government agencies pursuant to title eleven of article five of the social services law for services provided by any facility licensed by the office of mental health pursuant to article thirty-one of this chapter or certified by the office of alcoholism and substance abuse services pursuant to this chapter to provide inpatient chemical dependence services, as defined in section 1.03 of this chapter, shall be at rates or fees certified by the commissioner of the respective office and approved by the director of the division of the budget, provided, however, the commissioner of mental health shall annually certify such rates or fees which may vary for distinct geographical areas of the state and, provided, further, that rates or fees for service for inpatient psychiatric services or inpatient chemical dependence services, at hospitals otherwise licensed pursuant to article twenty-eight of the public health law shall be established in accordance with section two thousand eight hundred seven of the public health law and, provided, further, that rates or fees for services provided by any facility or program licensed, operated or approved by the office for people with developmental disabilities, shall be certified by the commissioner of health; provided, however, that such methodologies shall be subject to approval by the office for people with developmental disabilities and shall take into account the policies and goals of such office.

(b) Operators of facilities licensed by the office of mental health pursuant to article thirty-one of this chapter, licensed by the office for people with developmental disabilities pursuant to article sixteen of this chapter or certified by the office of alcoholism and substance abuse services pursuant to this chapter to provide inpatient chemical dependence services shall provide to the commissioner of the respective office such financial, statistical and program information as the commissioner may determine to be necessary. The commissioner of the appropriate office shall have the power to conduct on-site audits of books and records of such facilities.

(c) The commissioner of the office of mental health, the commissioner of the office for people with developmental disabilities and the commissioner of the office of alcoholism and substance abuse services shall adopt rules and regulations to effectuate the provisions of this section. Such rules and regulations shall include, but not be limited to, provisions relating to:

(i) the establishment of a uniform statewide system of reports and audits relating to the quality of care provided, facility utilization and costs of providing services; such a uniform statewide system may provide for appropriate variation in the application of the system to different classes or subclasses of facilities licensed by the office of mental health pursuant to article thirty-one of this chapter or licensed or operated by the office for people with developmental disabilities pursuant to article sixteen of this chapter, or certified by the office of alcoholism and substance abuse services pursuant to this chapter to provide inpatient chemical dependence services; and

- (ii) methodologies used in the establishment of the schedules of rates or fees pursuant to this section provided, however, that the commissioner of health shall adopt rules and regulations including methodologies developed by him or her for services provided by any facility or program licensed, operated or approved by the office for people with developmental disabilities; provided, however, that such rules and regulations shall be subject to the approval of the office for people with developmental disabilities and shall take into account the policies and goals of such office.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for institutional services methods and standards for setting Medicaid payment rates for Office of People With Developmental Disabilities (OPWDD) Specialty Hospitals. The following changes are proposed:

Institutional Services

Effective on or after October 1, 2023, the Department of Health will make updates to the OPWDD Specialty Hospital rate methodology to facilitate expansion of the voluntary service provider network, and to more accurately reflect provider costs and to ensure the continuation of services.

The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative is \$19.4 million.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Individuals without Internet access may view the State Plan Amendments at any local (county) social services district.

PUBLIC NOTICE

Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to implement coverage and reimbursement changes to NYS Office of Mental Health licensed Personalized Recovery Oriented Services (PROS) to better address the mental health needs of Medicaid beneficiaries. The following changes are proposed:

Non-Institutional Services

Effective on or after October 1, 2023, the New York State Department of Health proposes to amend the State Plan to modernize and simplify the Personalized Recovery Oriented Services (PROS) program to improve access to services and quality of care. The proposed amendment will amend PROS provider qualifications and service definitions and add new services.

The proposed amendment will also amend the reimbursement methodology for PROS to reduce the number of the base rate tiers from five to three and remove program participation time from the definition of service units.

There is no estimated change in gross Medicaid expenditures as a result of this amendment.

The public is invited to review and comment on this proposed State Plan Amendment, a copy of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status. Responses to Standard Funding Questions

INSTITUTIONAL SERVICES
State Plan Amendment #23-0096

CMS Standard Funding Questions

The following questions are being asked and should be answered in relation to all payments made to all providers reimbursed pursuant to a methodology described in Attachment 4.19-A of the state plan.

- 1. Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by States for services under the approved State plan. Do providers receive and retain the total Medicaid expenditures claimed by the State (includes normal per diem, supplemental, enhanced payments, other) or is any portion of the payments returned to the State, local governmental entity, or any other intermediary organization? If providers are required to return any portion of payments, please provide a full description of the repayment process. Include in your response a full description of the methodology for the return of any of the amount or percentage of payments that are returned and the disposition and use of the funds once they are returned to the State (i.e., general fund, medical services account, etc.)**

Response: Providers receive and retain 100 percent of total Medicaid expenditures claimed by the State and the State does not require any provider to return any portion of such payments to the State, local government entities, or any other intermediary organization.

- 2. Section 1902(a)(2) provides that the lack of adequate funds from local sources will not result in lowering the amount, duration, scope, or quality of care and services available under the plan. Please describe how the state share of each type of Medicaid payment (normal per diem, supplemental, enhanced, other) is funded. Please describe whether the state share is from appropriations from the legislature to the Medicaid agency, through intergovernmental transfer agreements (IGTs), certified public expenditures (CPEs), provider taxes, or any other mechanism used by the state to provide state share. Note that, if the appropriation is not to the Medicaid agency, the source of the state share would necessarily be derived through either an IGT or CPE. In this case, please identify the agency to which the funds are appropriated. Please provide an estimate of total expenditure and State share amounts for each type of Medicaid payment. If any of the non-federal share is being provided using IGTs or CPEs, please fully describe the matching arrangement including when the state agency receives the transferred amounts from the local government entity transferring the funds. If CPEs are used, please describe the methodology used by the state to verify that the total expenditures being certified are eligible for Federal matching funds in accordance with 42 CFR 433.51(b). For any payment funded by CPEs or IGTs, please provide the following:**
 - (i) a complete list of the names of entities transferring or certifying funds;**
 - (ii) the operational nature of the entity (state, county, city, other);**

- (iii) the total amounts transferred or certified by each entity;
- (iv) clarify whether the certifying or transferring entity has general taxing authority; and,
- (v) whether the certifying or transferring entity received appropriations (identify level of appropriations).

Response: The Non-Federal share Medicaid provider payment is funded by a combination of the following funds/funding sources through enacted appropriations authority to the Department of Health (DOH) for the New York State Medicaid program or is funded by an IGT transferred from the counties.

Payment Type	Non-Federal Share Funding	4/1/23 – 3/31/24	
		Non-Federal	Gross
Hospital Inpatient Normal Per Diem	General Fund; Special Revenue Funds; County Contribution	\$2.382B	\$4.764B
Residential Treatment Facilities Normal Per Diem	General Fund; County Contribution	\$48M	\$95M
Hospital Inpatient Supplemental	General Fund	\$142M	\$284M
Indigent Care Pool	General Fund; Special Revenue Funds	\$300M	\$600M
Voluntary UPL	General Fund	\$170M	\$339M
Indigent Care Pool Adjustment	General Fund; IGT	\$205M	\$410M
Disproportionate Share Program	General Fund; IGT	\$1.101B	\$2.202B
State Public Inpatient UPL	General Fund	\$8M	\$16M
Non-State Government Inpatient UPL	IGT	\$254M	\$507M
Totals		\$4.609B	\$9.217B

A. **General Fund:** Revenue resources for the State’s General Fund includes taxes (e.g., income, sales, etc.), and miscellaneous fees (including audit recoveries). Medicaid expenditures from the State’s General Fund are authorized from Department of Health Medicaid.

- 1) New York State Audit Recoveries: The Department of Health collaborates with the Office of the Medical Inspector General (OMIG) and the Office of the Attorney General (AG) in recovering improperly expended Medicaid funds. OMIG conducts and coordinates the investigation, detection, audit, and review of Medicaid providers and recipients to ensure they are complying with all applicable laws and regulation. OMIG recovers any improper payments through cash collections and voided claim recoveries. Cash collections are deposited into the State’s General Fund to offset Medicaid costs.

In addition to cash collections, OMIG finds inappropriately billed claims within provider claims. To correct an error, OMIG and DOH process the current accurate

claim, and reduce this claim by the inappropriate claim value to recoup the previous overclaim and decrease state spending.

B. Special Revenue Funds:

- 1) Health Care Reform Act (HCRA) Resource Fund: as authorized in section 92-dd of New York State Finance Law and was established in 1996, pursuant to New York State Public Health Law 2807-j and 2807-s (surcharges), 2807-c (1 percent), and 2807-d-1 (1.6 percent). HCRA resources include:
 - Surcharge on net patient service revenues for Inpatient Hospital Services.
 - The rate for commercial payors is 9.63 percent.
 - The rate for governmental payors, including Medicaid, is 7.04 percent.
 - Federal payors, including Medicare, are exempt from the surcharge.
 - 1 percent assessment on General Hospital Inpatient Revenue.
 - 1.6 percent Quality Contribution on Maternity and Newborn (IP) Services.

- 2) Health Facility Cash Assessment Program (HFCAP) Fund: Pursuant to New York State Public Health Law 2807-d, the total state assessment on each hospital’s gross receipts received from all patient care services and other operating income, excluding gross receipts attributable to payments received pursuant to Title XVIII of the federal Social Security Act (Medicare), is 0.35 percent.

NOTE: New York’s Health Care taxes are either broad based and uniform (as in all HFCAP assessments except for the Personal Care Provider Cash Assessment) or have a specific exemption known as the “D’Amato provision (Federal PHL section 105-33 4722 (c))” which allows the HCRA surcharges to exist in their current format. The single tax which has been determined by the State to be an impermissible provider tax is the HFCAP charge on Personal Care Providers. The State does not claim any Federal dollars for the surcharge collected in this manner in order to comply with all Federal provider tax rules.

C. Additional Resources for Non-Federal Share Funding:

County Contribution: In State Fiscal Year 2006, through enacted State legislation (Part C of Chapter 58 of the laws of 2005), New York State “capped” the amount localities contributed to the non-Federal share of providers claims. This was designed to relieve pressure on county property taxes and the NYC budget by limiting local contributions having New York State absorb all local program costs above this fixed statutory inflation rate (3% at the time).

However, in State Fiscal Year 2013 New York State provided additional relief to Localities by reducing local contributions annual growth from three percent to zero over a three-year period. Beginning in State Fiscal Year 2016, counties began paying a fixed cost in perpetuity as follows:

Entity	Annual Amount
New York City	\$5.200B

Suffolk County	\$226M
Nassau County	\$217M
Westchester County	\$204M
Erie County	\$194M
Rest of State (53 Counties)	\$1.187B
Total	\$7.228B

By eliminating the growth in localities Medicaid costs, the State has statutorily capped total Statewide County Medicaid expenditures at 2015 levels. All additional county Medicaid costs are funded by the State through State funding as described above. DOH provides annual letters to counties providing weekly contributions. Contributions are deposited directly into State escrow account and used to offset 'total' State share Medicaid funding.

NOTE: The Local Contribution is not tied to a specific claim or service category and instead is a capped amount based on 2015 county spending levels as stated above. Each deposit received is reviewed and compared to the amount each county is responsible to contribute to the Medicaid program to verify the county funds received are eligible for Medicaid expenses.

D. IGT Funding:

New York State requests the transfer of the IGT amounts from entities prior to the release of payments to the providers. The entities transferring IGT amounts are all units of government, and the nonfederal share is derived from state or local tax revenue funded accounts only. The providers keep and retain Medicaid payments. Please note that entities have taxing authority, and the State does not provide appropriations to the entities for IGTs.

Provider	Entity Transferring IGT Funds	4/1/23-3/31/24 IGT Amount
Bellevue Hospital Center	New York City	\$171M
Coney Island Hospital	New York City	\$9M
City Hospital Center at Elmhurst	New York City	\$17M
Harlem Hospital Center	New York City	\$91M
Henry J Carter Spec Hospital	New York City	(\$8M)
Jacobi Medical Center	New York City	\$106M
Kings County Hospital Center	New York City	\$136M
Lincoln Medical & Mental Health Center	New York City	\$88M
Metropolitan Hospital Center	New York City	\$67M
North Central Bronx Hospital	New York City	\$12M
Queens Hospital Center	New York City	\$18M
Woodhull Medical and Mental Health Center	New York City	\$37M
Erie County Medical Center	Erie County	\$49M
Lewis County General Hospital	Lewis County	\$1M
Nassau County Medical Center	Nassau County	\$66M

Westchester County Medical Center	Westchester County	\$143M
Wyoming County Community Hospital	Wyoming County	\$1M
NYC Health + Hospitals	New York City	\$254M
Total		\$1.258B

- 3. Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan. If supplemental or enhanced payments are made, please provide the total amount for each type of supplemental or enhanced payment made to each provider type.**

Response: Please see list of supplemental payments below:

Payment Type	Private	State Government	Non-State Government	4/1/23-3/31/24 Gross Total
Indigent Care Pool/Voluntary UPL \$339M Guarantee	\$816M	\$7M	\$116M	\$939M
Indigent Care Pool Adjustment	\$0	\$84M	\$326M	\$410M
Disproportionate Share Program	\$0	\$518M	\$1.684B	\$2.202B
Vital Access Program	\$284M	\$0	\$0	\$284M
State Public Inpatient UPL	\$0	\$16M	\$0	\$16M
Non-State Government Inpatient UPL	\$0	\$0	\$507M	\$507M
Total	\$1.100B	\$626M	\$2.632B	\$4.357B

The Medicaid payments under this State Plan Amendment are not supplemental payments.

- 4. Please provide a detailed description of the methodology used by the state to estimate the upper payment limit (UPL) for each class of providers (State owned or operated, non-state government owned or operated, and privately owned or operated). Please provide a current (i.e. applicable to the current rate year) UPL demonstration. Under regulations at 42 CFR 447.272, States are prohibited from setting payment rates for Medicaid inpatient services that exceed a reasonable estimate of the amount that would be paid under Medicare payment principals.**

Response: The inpatient UPL demonstration utilizes cost-to-payment and payment-to-payment methodologies to estimate the upper payment limit for each class of providers. The State is in the process of completing the 2023 inpatient UPL as well as the Procedural Manual which describes the methodology for eligible providers and will be submitting both documents to CMS.

5. Does any governmental provider receive payments that in the aggregate (normal per diem, supplemental, enhanced, other) exceed their reasonable costs of providing services? If payments exceed the cost of services, do you recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report?

Response: Providers do not receive payments that in the aggregate exceed their reasonable costs of providing services. If any providers received payments that in the aggregate exceeded their reasonable costs of providing services, the State would recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report.

ACA Assurances:

1. **Maintenance of Effort (MOE).** Under section 1902(gg) of the Social Security Act (the Act), as amended by the Affordable Care Act, as a condition of receiving any Federal payments under the Medicaid program during the MOE period indicated below, the State shall not have in effect any eligibility standards, methodologies, or procedures in its Medicaid program which are more restrictive than such eligibility provisions as in effect in its Medicaid program on March 10, 2010.

MOE Period.

- **Begins on:** March 10, 2010, and
- **Ends on:** The date the Secretary of the Federal Department of Health and Human Services determines an Exchange established by a State under the provisions of section 1311 of the Affordable Care Act is fully operational.

Response: This SPA complies with the conditions of the MOE provision of section 1902(gg) of the Act for continued funding under the Medicaid program.

2. Section 1905(y) and (z) of the Act provides for increased FMAPs for expenditures made on or after January 1, 2014 for individuals determined eligible under section 1902(a)(10)(A)(i)(VIII) of the Act. Under section 1905(cc) of the Act, the increased FMAP under sections 1905(y) and (z) would not be available for States that require local political subdivisions to contribute amounts toward the non-Federal share of the State's expenditures at a greater percentage than would have been required on December 31, 2009.

Prior to January 1, 2014 States may potentially require contributions by local political subdivisions toward the non-Federal share of the States' expenditures at percentages greater than were required on December 31, 2009. **However,** because of the provisions of section 1905(cc) of the Act, it is important to determine and document/flag any SPAs/State plans which have such greater percentages prior to the January 1, 2014 date in order to anticipate potential violations and/or appropriate corrective actions by the States and the Federal government.

Response: This SPA would [] / would not [✓] violate these provisions, if they remained in effect on or after January 1, 2014.

3. Please indicate whether the State is currently in conformance with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Response: The State complies with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Tribal Assurance:

Section 1902(a)(73) of the Social Security Act the Act requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular ongoing basis from designees of Indian health programs whether operated by the Indian Health Service HIS Tribes or Tribal organizations under the Indian Self Determination and Education Assistance Act ISDEAA or Urban Indian Organizations under the Indian Health Care Improvement Act.

IHCIA Section 2107(e)(I) of the Act was also amended to apply these requirements to the Children's Health Insurance Program CHIP. Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.

- a) Please describe the process the State uses to seek advice on a regular ongoing basis from federally recognized tribes Indian Health Programs and Urban Indian Organizations on matters related to Medicaid and CHIP programs and for consultation on State Plan Amendments waiver proposals waiver extensions waiver amendments waiver renewals and proposals for demonstration projects prior to submission to CMS.**
- b) Please include information about the frequency inclusiveness and process for seeking such advice.**
- c) Please describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment when it occurred and who was involved.**

Response: Tribal consultation was performed in accordance with the State's tribal consultation policy as approved in SPA 17-0065, and documentation of such is included with this submission. To date, no feedback has been received from any tribal representative in response to the proposed change in this SPA.
