Mr. Michael Melendez
Associate Regional Administrator
Department of Health & Human Services
Centers for Medicare & Medicaid Services
New York Regional Office
Division of Medicaid and Children's Health Operations
26 Federal Plaza - Room 37-100 North
New York, New York 10278

RE: SPA #13-62
Non-Institutional Services

Dear Mr. Melendez:

The State requests approval of the enclosed amendment #13-62 to the Title XIX (Medicaid) State Plan for non-institutional services to be effective October 1, 2013 (Appendix I). This amendment is being submitted based on State regulation. A summary of the plan amendment is provided in Appendix II.

The State of New York reimburses these services through the use of rates that are consistent with and promote efficiency, economy, and quality of care and are sufficient to enlist enough providers so that care and services are available under the plan at least to the extent that such care and services are available to the general population in the geographic area as required by §1902(a)(30) of the Social Security Act and 42 CFR §447.204.

Copies of pertinent sections of State regulation are enclosed for your information (Appendix III). A copy of the public notice of this plan amendment, which was given in the New York State Register on September 25, 2013, is also enclosed for your information (Appendix IV). In addition, responses to the five standard funding questions are also enclosed (Appendix V).

If you have any questions regarding this State Plan Amendment submission, please do not hesitate to contact John E. Ulberg, Jr., Medicaid Chief Financial Officer, Division of Finance and Rate Setting at (518) 474-6350.

Sincerely,

Jason A. Helgeson
Medicaid Director
Office of Health Insurance Programs

2013 Title XIX State Plan
Fourth Quarter Amendment
Non-Institutional Services
Summary

SUMMARY
SPA #13-62

This State Plan Amendment proposes to revise the Ambulatory Patient Group (APG) methodology for freestanding clinic and ambulatory surgery center services to reflect recalculated weights with component updates to become effective October 1, 2013.

Appendix III
2013 Title XIX State Plan
Fourth Quarter Amendment
Non-Institutional Services
Authorizing Provisions

and there is no local share for administrative costs over and above the Medicaid administrative cap.

The Medicaid managed care program utilizes existing state systems for operation (Welfare Management System, eMedNY, etc.).

The Department provides ongoing technical assistance to counties to assist in all aspects of planning, implementing and operating the local program.

Rural Area Participation:

The proposed regulations do not reflect new policy. Rather, they codify current program policies and requirements and make the regulations consistent with section 364-j of the SSL. During the development of the 1115 waiver application and the design of the managed care program, input was obtained from many interested parties.

Job Impact Statement

Nature of Impact:

The rule will have no negative impact on jobs and employment opportunities. The mandatory Medicaid managed care program authorized by Section 364-j of the Social Services Law (SSL) will expand job opportunities by encouraging managed care plans to locate and expand in New York State.

Categories and Numbers Affected:

Not applicable.

Regions of Adverse Impact:

None.

Minimizing Adverse Impact:

Not applicable.

Self-Employment Opportunities:

Not applicable.

Office of Mental Health

NOTICE OF ADOPTION

Clinic Treatment Programs

I.D. No. OMH-46-11-00006-A

Filing No. 169

Filing Date: 2012-02-27

Effective Date: 2012-03-14

PURSUANT TO THE PROVISIONS OF THE State Administrative Procedure Act, NOTICE is hereby given of the following action:

Action taken: Amendment of Part 599 of Title 14 NYCRR.

Statutory authority: Mental Hygiene Law, sections 7.09, 31.04, 43.01 and 43.02; Social Services Law, art. 33, sections 364, 364-a and 365-m

Subject: Clinic Treatment Programs.

Purpose: Amend and clarify existing regulation and enable providers to seek reimbursement for certain services using State-only dollars.

Substance of final rule: This final adoption amends Part 599 of Title 14 NYCRR which governs the licensing, operation, and Medicaid fee-for-service funding of mental health clinics. 14 NYCRR Part 599 was originally adopted as final on October 1, 2010 and resulted in major changes in the delivery and financing of mental health clinic services. When the regulation was promulgated, the Office of Mental Health understood that there would be issues that might require clarification once providers and recipients of services had experience in operating under the new regulation. This rule making was designed to address those issues and add relatively minor program modifications that have occurred since the initial regulation was promulgated. Non-substantive changes were made to the final rule to further clarify the requirements found in 14 NYCRR Part 599. A summary of all changes, including those non-substantive changes that were made since publication of the Notice of Proposed Rule Making, are found in the narrative below.

- Clarification of the distinction between “injectable psychotropic medication administration” and “injectable psychotropic medication administration with monitoring and education” and the provisions regarding reimbursement for these services;

- Clarification of the definition of “health monitoring”, “hospital-based clinic”, “modifiers”, and “psychiatric assessment”, and inclusion of definitions for “Behavioral Health Organization” and “concurrent review”. The final version of this regulation also expands the definitions of “diagnostic and treatment center”, “hospital-based clinic” and “health monitoring”. The term “smoking status” has been changed to “smoking cessation” for both adults and children, and the definition of “health monitoring” now includes “substance use” as an indicator for both adults and children - see new Subdivisions (r), (w) and (ab) of Section 599.4;

- Repeal of provisions requiring a treating clinician to determine the need for continued clinic treatment beyond 40 visits for adults and children;

- Amendment of the provisions regarding screening of clinic treatment staff by the New York Statewide Central Register of Child Abuse and Maltreatment;

- Clarification of requirements regarding required signatures on treatment plans. The final version of the regulation further clarifies that, for recipients receiving services reimbursed by Medicaid on a fee-for-service basis, the signature of the physician is required on the treatment plan. For recipients receiving services that are not reimbursed by Medicaid on a fee-for-service basis, the signature of the physician, licensed psychologist, LCSW, or other licensed individual within his/her scope of practice involved in the treatment plan is required - see Section 599.10(j)(4);

- Addition of provisions regarding reimbursement modifications for visits in excess of 30 and 50 respectively (excluding crisis visits) for fiscal years commencing on or after April 1, 2011. Note - the final version of the regulation lists other services that are excluded from the 30/50 thresholds. These services, in addition to crisis visits, include off-site visits, complex care management and any services that are counted as health services - see Section 599.13(e);

Public Notice

MISCELLANEOUS NOTICES/HEARINGS

Notice of Abandoned Property Received by the State Comptroller

Pursuant to provisions of the Abandoned Property Law and related laws, the Office of the State Comptroller receives unclaimed monies and other property deemed abandoned. A list of the names and last known addresses of the entitled owners of this abandoned property is maintained by the office in accordance with Section 1401 of the Abandoned Property Law. Interested parties may inquire if they appear on the Abandoned Property Listing by contacting the Office of Unclaimed Funds, Monday through Friday from 8:00 a.m. to 4:30 p.m., at:

1-800-221-9311
or visit our web site at:
www.osc.state.ny.us

Claims for abandoned property must be filed with the New York State Comptroller's Office of Unclaimed Funds as provided in Section 1406 of the Abandoned Property Law. For further information contact: Office of the State Comptroller, Office of Unclaimed Funds, 110 State St., Albany, NY 12236.

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for non-institutional services to revise provisions of the Ambulatory Patient Group (APG) reimbursement methodology on or after October 1, 2013.

The Ambulatory Patient Group (APG) reimbursement methodology is revised to include recalculated weight and component updates that will become effective on or after October 1, 2013. The estimated annual net aggregate increase in gross Medicaid expenditures attributable to this initiative contained in the budget for state fiscal year 2013/2014 is \$5,000,000.

The public is invited to review and comment on this proposed State Plan Amendment. Copies of which will be available for public review on the Department's website at http://www.health.ny.gov/regulations/state_plans/status.

Copies of the proposed State Plan Amendments will be on file in each local (county) social services district and available for public review.

For the New York City district, copies will be available at the following places:

New York County
250 Church Street
New York, New York 10018

Queens County, Queens Center
3220 Northern Boulevard
Long Island City, New York 11101

Kings County, Fulton Center
114 Willoughby Street
Brooklyn, New York 11201

Bronx County, Tremont Center
1916 Monterey Avenue
Bronx, New York 10457

Richmond County, Richmond Center
95 Central Avenue, St. George
Staten Island, New York 10301

For further information and to review and comment, please contact:
Department of Health, Bureau of Federal Relations & Provider Assessments, 99 Washington Ave. – One Commerce Plaza, Suite 1430, Albany, NY 12210, (518) 474-1673, (518) 473-8825 (FAX), spa_inquiries@health.state.ny.us

PUBLIC NOTICE Department of Health

Pursuant to 42 CFR Section 447.205, the Department of Health hereby gives public notice of the following:

The Department of Health proposes to amend the Title XIX (Medicaid) State Plan for long term care services pursuant to statutory provisions contained in the Patient Protection and Affordable Care Act (Public Law 111-148), Section 2401 (Community First Choice Option). The following changes are proposed:

The Affordable Care Act, PL 111-148, authorized states to expand access and availability of Medicaid-funded long term services and supports (LTSS) in non-institutional home and community-based settings by offering enhanced personal attendant services through the Community First Choice Option (CFCO) State Plan Amendment. Such services are required to provide assistance to eligible individuals to accomplish activities of daily living (ADLs), instrumental activities of daily living (IADLs) and/or health-related tasks through hands-on assistance, supervision and cueing. These services must be provided pursuant to a person-centered care plan developed after a comprehensive assessment of functional need in a community-based setting through an agency-provider or other model. Such services are to be consumer controlled to the greatest extent possible. Included in the services required under the CFCO are the acquisition, maintenance and enhancement of skills necessary for the individual to accomplish ADLs, IADLs, and health-related tasks; a backup system to assure continuity of care and voluntary training on selecting, managing and dismissing attendants. Excluded services include room and board, vocational or educational services, home modifications, medical supplies and equipment and assistive technology devices and services other than those specifically allowed under the plan.

Services under the CFCO must be provided across the disability spectrum including those who are elderly and those who have a physical, mental or developmental disability. Eligible individuals have demonstrated functional needs that can be addressed by CFCO LTSS, are Medicaid eligible, and require an institutional level of care.

New York State already offers personal care services as well as a Consumer Directed Personal Attendant Program (CDPAP) in its Medicaid State plan. The State also has an extensive array of waiver services that provide assistance with ADLs, IADLs and health-related tasks. These waiver programs and services are administered by vari-

Non-Institutional Services
Responses to Standard Funding Questions

NON-INSTITUTIONAL SERVICES
State Plan Amendment #13-62

CMS Standard Funding Questions

The following questions are being asked and should be answered in relation to all payments made to all providers reimbursed pursuant to a methodology described in Attachment 4.19-B of this SPA. For SPAs that provide for changes to payments for clinic or outpatient hospital services or for enhanced or supplemental payments to physician or other practitioners, the questions must be answered for all payments made under the state plan for such service.

- 1. Section 1903(a)(1) provides that Federal matching funds are only available for expenditures made by States for services under the approved State plan. Do providers receive and retain the total Medicaid expenditures claimed by the State (includes normal per diem, supplemental, enhanced payments, other) or is any portion of the payments returned to the State, local governmental entity, or any other intermediary organization? If providers are required to return any portion of payments, please provide a full description of the repayment process. Include in your response a full description of the methodology for the return of any of the payments, a complete listing of providers that return a portion of their payments, the amount or percentage of payments that are returned and the disposition and use of the funds once they are returned to the State (i.e., general fund, medical services account, etc.).**

Response: Providers do retain the payments made pursuant to this amendment. However, this requirement in no way prohibits the public provider, including county providers, from reimbursing the sponsoring local government for appropriate expenses incurred by the local government on behalf of the public provider. The State does not regulate the financial relationships that exist between public health care providers and their sponsoring governments, which are extremely varied and complex. Local governments may provide direct and/or indirect monetary subsidies to their public providers to cover on-going unreimbursed operational expenses and assure achievement of their mission as primary safety net providers. Examples of appropriate expenses may include payments to the local government which include reimbursement for debt service paid on a provider's behalf, reimbursement for Medicare Part B premiums paid for a provider's retirees, reimbursement for contractually required health benefit fund payments made on a provider's behalf, and payment for overhead expenses as allocated per federal Office of Management and Budget Circular A-87 regarding Cost Principles for State, Local, and Indian Tribal Governments. The existence of such transfers should in no way negate the legitimacy of these facilities' Medicaid payments or result in reduced Medicaid federal financial participation for the State. This position was further supported by CMS in review and approval of SPA 07-07C when an on-site audit of these transactions for New York City's Health and Hospitals Corporation was completed with satisfactory results.

2. **Section 1902(a)(2) provides that the lack of adequate funds from local sources will not result in lowering the amount, duration, scope, or quality of care and services available under the plan. Please describe how the state share of each type of Medicaid payment (normal per diem, supplemental, enhanced, other) is funded. Please describe whether the state share is from appropriations from the legislature to the Medicaid agency, through intergovernmental transfer agreements (IGTs), certified public expenditures (CPEs), provider taxes, or any other mechanism used by the state to provide state share. Note that, if the appropriation is not to the Medicaid agency, the source of the state share would necessarily be derived through either through an IGT or CPE. In this case, please identify the agency to which the funds are appropriated. Please provide an estimate of total expenditure and State share amounts for each type of Medicaid payment. If any of the non-federal share is being provided using IGTs or CPEs, please fully describe the matching arrangement including when the state agency receives the transferred amounts from the local governmental entity transferring the funds. If CPEs are used, please describe the methodology used by the state to verify that the total expenditures being certified are eligible for Federal matching funds in accordance with 42 CFR 433.51(b). For any payment funded by CPEs or IGTs, please provide the following:**
- (i) a complete list of the names of entities transferring or certifying funds;**
 - (ii) the operational nature of the entity (state, county, city, other);**
 - (iii) the total amounts transferred or certified by each entity;**
 - (iv) clarify whether the certifying or transferring entity has general taxing authority: and,**
 - (v) whether the certifying or transferring entity received appropriations (identify level of appropriations).**

Response: Payments made to service providers under the provisions of this SPA are funded through a general appropriation received by the State agency that oversees medical assistance (Medicaid), which is the Department of Health. The source of the appropriation is the Local Assistance Account under the General Fund/Aid to Localities.

3. **Section 1902(a)(30) requires that payments for services be consistent with efficiency, economy, and quality of care. Section 1903(a)(1) provides for Federal financial participation to States for expenditures for services under an approved State plan. If supplemental or enhanced payments are made, please provide the total amount for each type of supplemental or enhanced payment made to each provider type.**

Response: The payments authorized for this provision are not supplemental or enhanced payments.

4. **For clinic or outpatient hospital services please provide a detailed description of the methodology used by the state to estimate the upper**

payment limit (UPL) for each class of providers (State owned or operated, non-state government owned or operated, and privately owned or operated). Please provide a current (i.e., applicable to the current rate year) UPL demonstration.

Response: Based on guidance from CMS, the State will submit the current clinic UPL demonstration by December 31, 2013.

- 5. Does any governmental provider receive payments that in the aggregate (normal per diem, supplemental, enhanced, other) exceed their reasonable costs of providing services? If payments exceed the cost of services, do you recoup the excess and return the Federal share of the excess to CMS on the quarterly expenditure report?**

Response: The rate methodology included in the State Plan for freestanding diagnostic and treatment and ambulatory surgery center services is based upon the Ambulatory Patient Group (APG) system with the exception of Federally Qualified Health Centers who have the option to opt into the APG system or remain on the Prospective Payment Methodology (PPS) as approved by CMS in SPA 01-03. We are unaware of any requirement under current federal law or regulation that limits individual providers' payments to their actual costs.

ACA Assurances:

- 1. Maintenance of Effort (MOE). Under section 1902(gg) of the Social Security Act (the Act), as amended by the Affordable Care Act, as a condition of receiving any Federal payments under the Medicaid program during the MOE period indicated below, the State shall not have in effect any eligibility standards, methodologies, or procedures in its Medicaid program which are more restrictive than such eligibility provisions as in effect in its Medicaid program on March 10, 2010.**

MOE Period.

- **Begins on: March 10, 2010, and**
- **Ends on: The date the Secretary of the Federal Department of Health and Human Services determines an Exchange established by a State under the provisions of section 1311 of the Affordable Care Act is fully operational.**

Response: This SPA complies with the conditions of the MOE provision of section 1902(gg) of the Act for continued funding under the Medicaid program.

- 2. Section 1905(y) and (z) of the Act provides for increased FMAs for expenditures made on or after January 1, 2014 for individuals determined eligible under section 1902(a)(10)(A)(i)(VIII) of the Act. Under section 1905(cc) of the Act, the increased FMAP under sections 1905(y) and (z) would not be available for States that require local political subdivisions to contribute amounts toward the non-Federal share of the State's**

expenditures at a greater percentage than would have been required on December 31, 2009.

Prior to January 1, 2014 States may potentially require contributions by local political subdivisions toward the non-Federal share of the States' expenditures at percentages **greater than** were required on December 31, 2009. **However**, because of the provisions of section 1905(cc) of the Act, it is important to determine and document/flag any SPAs/State plans which have such greater percentages prior to the January 1, 2014 date in order to **anticipate potential violations and/or appropriate corrective actions** by the States and the Federal government.

Response: This SPA would [] / would not [✓] violate these provisions, if they remained in effect on or after January 1, 2014.

3. Please indicate whether the State is currently in conformance with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Response: This SPA does comply with the requirements of section 1902(a)(37) of the Act regarding prompt payment of claims.

Tribal Assurance:

Section 1902(a)(73) of the Social Security Act the Act requires a State in which one or more Indian Health Programs or Urban Indian Organizations furnish health care services to establish a process for the State Medicaid agency to seek advice on a regular ongoing basis from designees of Indian health programs whether operated by the Indian Health Service HIS Tribes or Tribal organizations under the Indian Self Determination and Education Assistance Act ISDEAA or Urban Indian Organizations under the Indian Health Care Improvement Act.

IHCIA Section 2107(e)(I) of the Act was also amended to apply these requirements to the Children's Health Insurance Program CHIP. Consultation is required concerning Medicaid and CHIP matters having a direct impact on Indian health programs and Urban Indian organizations.

- a) Please describe the process the State uses to seek advice on a regular ongoing basis from federally recognized tribes Indian Health Programs and Urban Indian Organizations on matters related to Medicaid and CHIP programs and for consultation on State Plan Amendments waiver proposals waiver extensions waiver amendments waiver renewals and proposals for demonstration projects prior to submission to CMS.**
- b) Please include information about the frequency inclusiveness and process for seeking such advice.**
- c) Please describe the consultation process that occurred specifically for the development and submission of this State Plan Amendment when it occurred and who was involved.**

Response: Tribal consultation was performed in accordance with the State's tribal consultation policy as approved in SPA 11-06, and documentation of such is included with this submission. To date, no feedback has been received from any tribal representative in response to the proposed change in this SPA.
