

# Incidence of Injuries of Undetermined Intent Deaths

## New York State Residents, 1995-2012

\*In 1999 the United States began using the World Health Organization's revised International Classification of Diseases coding book (ICD 10) for mortality data. Differences seen between data coded using the 9<sup>th</sup> revision (ICD 9) and ICD 10 may be due to coding changes and not actual differences in injury causes.
